

Service Four
Identikit of your Reference Ideal Product

Background You already have your own range of existing products and your own design team and production.

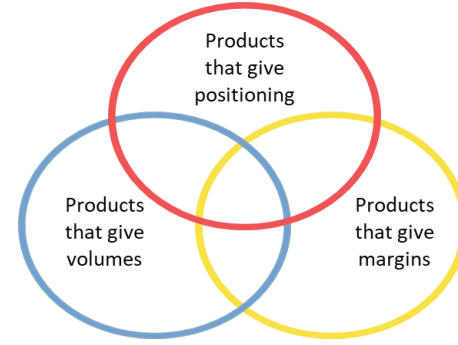

Maybe you are already exporting to North America or Europe, you want to enter one of these specific markets or sell better.

Your team needs to nail and to learn deeper a product typology within a style.

What ultimately defines that specific typology of product?

How it is designed, the history behind, proportions, materials, what is the ultimate characteristic of a chair in this specific style? Bamboo and rattan French Chair, Thonet chair, Bistro chair, plastic foldable Italian chair, rattan and wooden Tuscan chair, Scandinavian reclining chair...whatever you need to dig deeper, we'll dig it out for you.

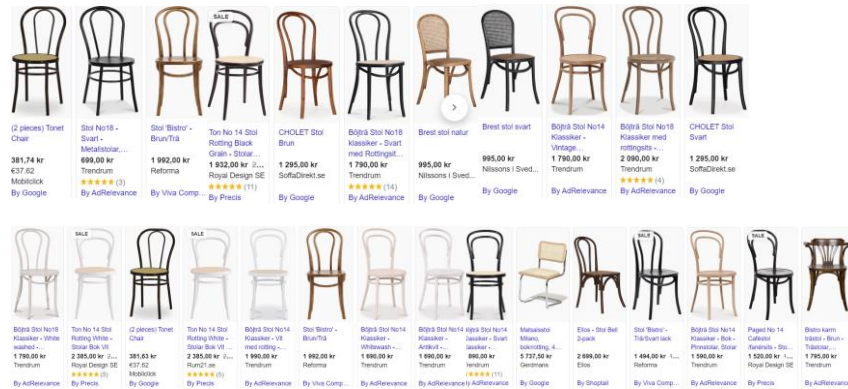

If you can see it, you can be it!

What You will receive up to five boards documenting a detailed description of the item you want to get to know.

How We search the market and provide you with an Identikit board of exiting products, meaningful examples of the style you want to recreate. A description of the proportions. Of the materials. History. Curiosity. All references to similar products in the market, from price to material, colour availability, history and curiosity and one mood board.

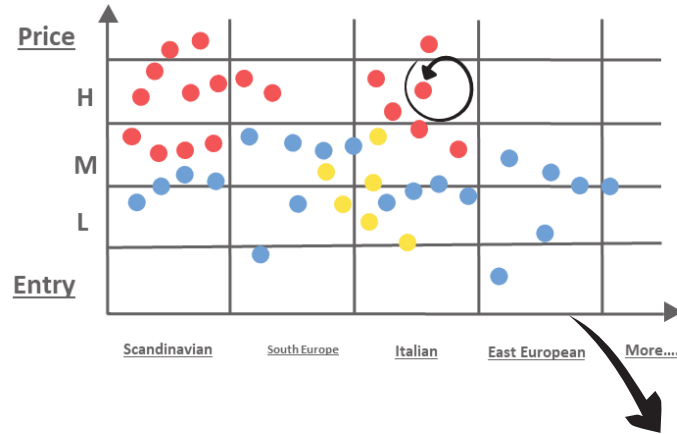

Value You and your team will be given tools for the year to come to nail what the market needs. You will be working more focused and with clear directions, more creatively. The revenues will increase and you can compete internationally with your own design

Why us We work in a very agile and efficient way with professionals with top competence in the sector. Briefing, debriefing, project management, business intelligence all come on top of the turn key project you are buying from us.

The team is made of seasoned professionals who have a track record of bringing products to the market.
